Student Feedback, Statistical Programming (Spring 2020)

Student (Coded)	Feedback
1	"Thank you Mathew for being patient and encouraging this semester!"
2	"Also, thanks I definitely learned a lot from this class this semester and definitely will continue working with R!"
3	"I've learned a lot this semester. It was pleasure being in your class. [It] was very [helpful] information, interesting and fun. Thank you very much.
4	"Thank you for a great semester! You are truly informative and very helpful about this stuff and I feel like I actually learned something...I feel proud of myself and I thank you for that!"
5	"I ... want to say thank you so much for all the help this semester. You taught us so much and so well, I really enjoyed your class and your teaching style! I hope you don't mind if I stay in touch with you!"
6	"Thank you again for being a great teacher this semester, I have learned a lot and feel more confident in analyzing data."

Note . Students are numerically coded to protect their confidentiality. There were 7 students in the course; the one student missing from this table later emailed me to ask for mentorship beyond the course.
